A workshop for second-generation children aged 13 years and older was held in Ukraine on June 21 and 22.

The 13 participants listened to presentations about the Formula Course and mainly about witnessing, in preparation for a brief witnessing campaign that would follow the workshop. They also practiced giving Divine Principle lectures.

In addition, the children learned to follow a daily schedule, starting in the morning with Hoon Dok Hwe, morning exercises, and cleaning.

After that, from June 23 to 27, the children went to the cities of Odessa, Dnipro and Chernigiv for witnessing. They had good experiences there, bringing many guests for Divine Principle lectures, as well as enjoying the local places of interest.
