Tarrytown Profound Meditate Meetup is a community of meditation enthusiasts who meet at the historic [Belvedere Estate](#) in Tarrytown. Formally owned by Samuel Bronfman of the Seagrams Whiskey family, in 1972 this 18 plus acre private estate became the center of operations for the Family Federation for World Peace, and today is known as the Belvedere Family for World Peace. We combine [iAwake Technologies Profound Meditation 2.0](#) audio brainwave entrainment program with meditative walks on the estate, including a wooded area and bluff overlooking the Hudson River and Tappan Zee Bridge. This combination of science with nature results in uncommonly deep mediation and improved wellbeing. We meet up every first and third Wednesday of the month, 7:00-8:00 pm. Our next meet up is scheduled for October 4, at 7:00 pm. [Click here](#) to go to our website for more details about the program, access a free download of a Profound Meditation 2.0. audio file, and get free access to the excellent Profound Meditation 2.0 [User Manual](#). The Belvedere Estate is an ideal location for Profound Meditate enthusiasts to meet up and experience heightened states of awareness and wellbeing while in the company of like-minded meditators. We look forward to seeing you on October 4!
