

A letter of apology to those of African ancestry

Dear Brothers and Sisters,

You are precious to me. Your ancestry is precious to me. All your ancestors came from an exceptionally beautiful and precious continent, Africa. You have an amazing ability to love and care.

I would like to apologize to all of you on behalf of my race, for all the hurt and the abuse and the disrespect that you and your ancestors have received because of our ignorance, our greed, and our inability to love.

I cannot demand forgiveness from any of you, I apologize expecting no rewards.

You can understand God better than many people because God's own children were lied to, stolen, and raped by Lucifer and transported to a world that was not theirs. Your anger, outrage, and suffering has been and is today comparable to the one of our Heavenly Parent of yesterday and today.

Your amazing ability to love has been witnessed multiple times in the last 400 years or so. And it is my hope that together, we can cross the greatest divide of all so that we can reach the finish line together and at the same time, once and for all, bring all humanity back to God, our creator and loving Parent.

I apologize on behalf of my race,

Sincerely and with gratitude,

Anne-Marie Mylar
