What does reconciliation means to me:

Reconciliation is liberation

- 1) Understand the hurt created due to ignorance
- 2) Recognized the hurt created voluntarily towards others
- 3) Recognized the ignorance that I have about all the other cultures
- 3) Ability to ask for forgiveness
- 4) Ability to recognized the value of others
- 5) Ability to respect others cultures and background
- 6) Ability to learn from individuals who are very different than me, in culture and traditions
- 7) Ability to recognized that all humanity is a single family, under one Heavenly Parent
