On March 1, 2018, a Blessing ceremony was held at Agunza Migili near Lafia in Nasarawa State of Nigeria. 187 couples participated, from Holy Wine Ceremony to Indemnity Ceremony and immediately commenced the 40-day separation period which will end on April 19.

On February 24, our team had gone to that community for a Blessing Education Seminar, centering on the chief of the community. More than 100 participants attended. Our team then promised to return later for the Blessing proper. The participants were so inspired and looked forward to the Blessing. Meanwhile, words about the seminar went round in the community such that on the day of the Blessing, much more people turn up than the number that came initially for the seminar.

That Blessing ceremony was a very joyful experience for the participants as the attached pictures testify.
