

3rd Annual CARP Hyojeong Trip to Japan and Korea: Day 7 – 7/2/18

Teresa Rischl
July 2, 2018

Lunch with Mother Moon! Mother Moon invited all 360 of us to have lunch with her at the Hotel Chinzano Tokyo. At this luncheon, she provided us with a fancy, three course meal and a speech just for us.

We started with reports from CARP USA and also a report from Mother Moon's Secretary General about her work in Africa. Many participants were so inspired to hear about Mother Moon's peace making activities in Africa and how many leaders in Africa are working with her to build a world of peace.

After lunch, she gave her speech. In her speech, she shared about America's responsibility and her hope for us as youth. We shouted our declarations to fulfill her wishes, and she asked us to give her more reasons to smile in the future.

We closed by performing for her four pieces. We started with a step that we created to Song of the Heavenly Soldiers. Following that, we sang Generation of Righteousness and HyoShim. We ended with the MuJoGeon dance!

We took a commemorative photo and said good-bye to Mother Moon.

The participants were filled with so much love from Mother Moon. Thank you! We love you, Mother Moon!
