

### **3rd Annual CARP Hyojeong Trip to Japan and Korea: Day 14 – 7/9/18**

Back to Japan! We got up early and rushed to Incheon Airport today to get back to Japan! We had some time to resettle ourselves and further process our experiences in preparation for the last full day of the trip tomorrow!

Our group is now split in half. Due to lack of space in Japan, one half of us is staying at Isshin Education Center and the other half in Miyazakidai. This does not diminish our spirit, however; we still feel the power of our Heavenly Parent and the love of our brothers and sisters in that space.

We close today preparing for our final day and looking forward to the future.
