

3rd Annual CARP Hyojeong Trip to Japan and Korea: Day 15 – 7/10/18

Teresa Rischl
July 10, 2018

Exploration and Magic! Today, the participants got to choose whether to enjoy their last day in Japan exploring Tokyo or seeing Tokyo Disneyland! This was also an opportunity for participants to see each other for the last time before returning home and continuing our mission to build a culture for God to dwell.

This was also a final opportunity for our staff to have a final meeting in person about larger picture activities in the future.

This final day was bittersweet, but we would not have changed it for the world.
