

CARP USA: Finishing the Semester Strong - Last Call Before Summer

Teresa Rischl
June 3, 2019

Last Call Before Summer

Our students invest 100%. Students across the country have been working hard this semester making an impact on their campuses, showcasing principled culture and love while "rocking it" as students (aka being excellent students).

In the final few weeks of their semester, CARP students closed out strong with powerful meetings, gratitude parties, and retreats! We're so proud of all of the students for their commitment this semester and especially to those who are graduating. Congrats!

On May 17th to May 19th, the Midwest CARP chapters held their **End of Semester Retreat** in CAMP KOHOE in Benton Harbor, MI. With 19 total participants, [CARP Grand Rapids](#), [CARP Chicago](#), and CARP Indiana came together with guest speaker and CARP National Board Director, Dr. Robert Beebe, who gave presentations from the CARP Curriculum.

"I learned to really love other people, not for my own benefit, but to love others as my own brothers and sisters. Being able to commit to my relationships with other people, not for my own benefit but for the growth of our society and for God." ~ Sarafina, CARP Grand Rapids sophomore

"It's always a very special atmosphere when young people come here for a higher purpose than just themselves... You are the future. You decide what America is gonna be like, what this world is gonna be like. Don't underestimate the power you have as an individual." ~ Dieter Jesper, CAMP KOHOE Director

[CARP Las Vegas](#) held their end of semester retreat from May 20 to May 27! It was a powerful experience of family and culture of heart. Much thanks to special guest, Dr. Sandra Lowen. Full report coming soon!

[CARP Bay Area](#) hosted their End of Semester Party on May 17th celebrating their past accomplishments, thanking their families and supporters, and hearing testimonies from members.

[CARP L.A.](#) held its final Vision Night for the semester with guest speaker, Brandon Towns from City of Refuge Church in Los Angeles, who brought his whole youth group to join a night of learning, fun, and food. What a great example of creating peace and understanding!

CARP chapters' final meetings (*CARP El Camino College, CARP Las Vegas, and CARP Cypress pictured above*) celebrated a semester-long journey of self-discovery and empowerment, standing for God and a principled culture while building relationships that last.

We look forward to see what these students will accomplish next. But first, summer! See announcements below for some of the summer opportunities. Stay tuned for more.

Announcements

June 22nd! Mother Moon, the founder of CARP, is coming to Las Vegas for the Unity Festival at the MGM Grand!

CARP is working with Family Federation for World Peace and YAYAM to create the most amazing peace experience for Young Adults.

One of CARP's missions is to *empower young people* to make a positive impact on the world, so we're grateful to Mother Moon for giving the opportunity to strengthen our CARP members.

[See the full list of events around June 22nd here!](#)

Many CARP students will be attending a weekend peace program from **June 21st to 23rd** as well as the Unity Festival on **June 22nd**.
