November 10, 2015

*Interfaith Peace Blessing Festival in Rattanakaburi district, Surin Province, Northeast of Thailand*

**By FFWPU Thailand:** Mrs. Watcharin Keawlamsak leading her tribal group to restore district next to her home town. After she invested to hold blessing at her hometown “Tha Tum district” for 3 times and completed restoration of 430 couples. Now Watcharin and Boontawee, her husband, are working very hard in front line every day to help many blessed families including Thai wives in Japan to become Tribal Messiah Victors by restoration of 430 couples completed 3 days ceremony

On November 10, 2015 around 132 Couples and 245 people attended blessing ceremony including many sub-district directors and chairman of sub-district administration office participated. They were all inspired and amazed by TP teaching, blessed family tradition and benediction prayer by True Parents. The group of leaders apologized to FFWPU that because this period of the year is the changing period of new leadership of District government officer, so the co-operation from district government seem did not go down well to the sub-districts and villages level, so many community leaders did not know the news about this project.

They determined to do more big and successful blessing in their sub-districts and want to prepare better to welcome FFWPU to their communities.

Most of the new blessed couples determine to complete 40 days separation and 3 days ceremony and become model blessed families.
