On April 18, 2019, Mr. Sak-Udon Konthong, President of the FFWPU Laos, invited Mr. Kaewcharoen Chaieyingyang Director-General of the Public Relations Department and the training of Lao Front for National Construction (LFNC) with 8 other delegates on behalf of the Minister to study the blessing event organized by the Thai-Japanese family in Kalasin Province.

Dr. Ronnachit Phuttala and Mrs. Nuanchan Phutthala, Mrs. Sangkom Netsopa and Heavenly Tribal Messiah Kalasin Team, especially Dr. Ronnachit, welcomed the faculty. He explained and clarified the vision of the True Parents in creating a network of kinship communities for peace. He added Heavenly Tribal Messiah is allowing the faculty from Laos to clearly understand and reduce suspicion and image in the past that our organization wants to publish a new religion.

Now Director General of the Department is ready to inspire and bring blessings to expand and create a strong family institution in Laos. He wishes to collect operational data to present to the Minister on behalf of the Lao government.

This time, there were about 300 families leaders in the Chao Tha Subdistrict, Kamalasai District, Kalasin Province. Heavenly Tribal Messiah Thailand has great hope that this opportunity will make Laos government to have confidence in FFWPU, and help to spread the blessing to all the people in the Country.
