WFWP France organised a meeting on the theme "Masculine and Feminine Qualities: How to Harmonize Them and Why?" It took place in Paris on 23 April 2016.

Jennifer Lambert, an English trainer, mother of 5 children and a longtime friend of the WFWP gave a Power Point presentation on this important topic: the fundamental and equal value of both masculine and feminine qualities.

All participants enjoyed the presentation and there was a lively exchange before sharing informally over a cup of coffee.
