April 24, 2023

New Hope School, an accredited K-8 school located in Clifton, NJ, is hiring teachers for the 2023-24 school year. There are also openings for its 7-week summer program. The school seeks teachers who feel a calling to bring Hyojeong, Principled-based education to young people, both blessed and nonblessed children, as a foundation for a healthy moral culture. New Hope School highly values both quality academic performance as well as strong character development. To find out more about the school, go to [New Hope School - A Peace Academy](#). Many of our graduates have been accepted at Passaic Valley Technical Vocational School, an elite charter high school in the area.

## NEWS

### MAY NEWSLETTER

On Friday, April 28, we held our annual **Race for Education Day**. Thank you for all the support you have been giving in finding sponsors for your child in this spring fundraiser. Students ran or walked around a quarter-mile track for one hour. Students in each class with the most laps received a medallion. The student with the most laps in the whole school received a trophy. Newly-elected Clifton mayor Ray Grabowski was on hand to show his support and take a picture with our students. We wish to thank all the parents who turned out today and helped in so many ways.

### APRIL NEWSLETTER

Our virtues of the month for April are **Graciousness** and **Courtesy**. These are self-effacing virtues. They are often lost in a culture as self-aggrandizing as our own. But to speak to our children about these qualities and to model these virtues for them is not to mold “wimps” and “losers,” as some might say, but to fortify people of deep inner strength. We use April—the month when Christianity commemorates the resurrection of Jesus, Judaism recalls the flight from Egypt, Islam celebrates Ramadan, and we all celebrate the gentle birth of spring—to speak of quiet characteristics that make for better people and a better world.

### MARCH NEWSLETTER

In March, we focus on a virtue important for building and strengthening community: **Faithfulness**. This virtue moves us in the difficult direction of otherness—of getting beyond ourselves and sensing the needs of others. Faithfulness bespeaks being in solidarity with our community. It is closely associated with loyalty and fidelity and, when practiced, fosters social cohesion, something that our country is in dire need of today.
