Gathering with a core of hyper dedicated Japanese members, an increasingly larger and larger cadre of Western members as well joining in our weekly "Tribal Messiah- Nuts and Bolts" work sessions.

Notes:

- Last Meeting so joyous and fun !
- Since our goal began May 1st 2017, we have, collectively, 36 Blessings given.
- Goal this week (ambitious ?) is 40 more Blessings.
- Tomiko Duggan's continued leadership and energy is invaluable
- Miyumi Kernan has been pioneering a table outside Walmart
- Unison Prayer for 21 minutes very powerful !
- More Holy Wine is available. Please ask Jim Boothby
- Giving prospective "Blessee's" a little folded paper crane or a carnation first , before Blessing them , opens their heart with a kind gift is nice. And helps.
- Bring a Guest to the American Leadership Conference at the Washington Times Sat May 20th . Chance to expose them to Rev Moon's profound and patriotic vision.

See You Tuesday !

Good Luck with Your Tribe
