In the setting of the Civic Hall of the Municipality of Almè, province of Bergamo, with the sponsorship of the same Municipality, UPF organized an evening dedicated to the "International Family Day", which this year reaches its 25th edition. The WFWP Federation of Women for World Peace, the FFPMU Federation of Families for World Peace and Unification and ISKCON Congregation for Krishna

Consciousness cooperated for the meeting.

An evening full of content to confirm how necessary it is to promote and support the family setting as a source of secure and stable relationships over time in order to determine security and stability of character and heart for each of its individual components and consequently an indispensable basis for greater harmony and social cohesion. Three speeches were presented: Carlo Zonato president of UPF Italia on the topic "The Strategic

Value of the Family for Peace and Social Cohesion", followed by Giannina Figus Ravaglioli president of WFWP of Bergamo who presented her speech on "La Forza delle Donne" (The Power of Women). Last talk by Walter Montagner spiritualist ISKCON on the topic "Good relations for the emotional solidity in the couple."

At the end, we organized a familiar refreshment with the whole group of over 40 guests.
