

Canada Holds Blessing Ceremony for Filipino Families in Toronto

Franco Famularo
January 6, 2018

On January 6, 2018 we celebrated a blessing ceremony at the Korean American Community Center in Toronto for the Filipino families.

Among the participants, we had 21 previously married couples and two singles (representing their families), invited mainly by Filipino family members. It was a warm ceremony in a very cold weather reaching minus-22 degrees Celsius. Participants received True Parents words of life and received the blessing of marriage to renew their marriage under God and True Parents and to begin a new blessed life of eternal love centered on True Parents.

Though it was a small event, but we have just opened the way in 2018 using this event as a seed. We will have a bigger event in our nation as we are also approaching other immigrant communities centering on our family members.
