The Honolulu Family Church celebrated the 49th True Heavenly Parent's Day during the Sunday worship service on February 7 at the Ho'omaluhia Botanical Garden. The offering table was set up in a shelter surrounded by beautiful nature. Rev. Kazuo Takami explained the significance of Heavenly Parent's Day with three excerpts of True Parents' words from the Cheon Seong Gyeong and Cham Bumo Gyeong. At the end of the service, a certificate of Tribal Messiah was handed to each family and all the participating families made a new resolution as the "Oahu Tribe" community to work together in their outreach ministry.
