

Letter Heidi Iseda: Thank You for True Parents Award

March 23, 2012

1982, 2075 couples

I just want to say thank you once again for presentation of True Parents' Award to my family. It's a total surprise to receive it, and I know others are more deserving of it, but I know, many people helped me to fulfill some of my responsibilities. I feel this award represents God's hope and my/our promise to do our part in building God's vision, making it reality.

Here is the copy of the True Parents' award which represents 20 years my family walked the path with the Los Angeles brothers and sisters including you.

I found they express True Parents' deep heart of love and humility acknowledging whatever we have offered along with Them in the path of restoration.

This is also for all you Unificationists, You all are one of **Heaven's Heroes**.

Thank you for all your hard work and support for Heaven!!!
