

Updating the Belvedere Family Church Mission Statement

Drissa Kone
October 7, 2016

Hello BFC Community!

Dr. Kone, the Council, and the below community members invite you to participate in updating our Belvedere Family Church Mission Statement!

Our current mission statement is ten years old, and chances are anyone in our congregation would be hard pressed to remember it.

Why is it important to have an updated mission statement? A mission statement describes the main reason an organization exists. With True Mother's plan entitled Vision 2020, she's created a focus for the international movement. The new goals for the national movement, announced in August, lay out the plan to achieve it. An updated mission statement for our local congregation will clarify direction, enabling us to set priorities and decide on actions and responsibilities.

You will hear more about this in the next two weeks, including how the process will work! (Info about how you can be a part of the process, etc.)

Sincerely,

2016 BFC Mission Statement Committee
Chris Perkins (Chair), Dr. Kone, Susan Bouachri, Toyo Hagiwara, Kester Wilkening

Stated Purpose of the 2016 BFC Mission Statement Committee:

Initiate, plan, and carry out a process to update the mission statement (MS) for the Belvedere Family Church while including as much of the community as possible.

Background:

The Mission Statement Committee was elected by the Council in September 2016, and four of the members underwent a Mission Statement Creation Training by Naokimi Ushiroda, the CARP President, on August 7, 2016. Naokimi facilitated the mission statement creation for our national ministry team and has a professional consulting business in this field. More info can be found here:
