

1-Day program at the Apostolic Worldwide Mission Church in Kisumu, Kenya

Susan Kone
November 26, 2016

We organized 1-Day program at the Apostolic Worldwide Mission Church in Kisumu under the Leadership of Pastor John Murunga Loboni, on November 26, 2016.

Our lectures this time included the Divine Principle and the Value of the blessing. The participants were church Leaders of various churches and also members of the Apostolic Worldwide Mission Church, in total we had 70 guests.

The church pastor coordinated the program and the lectures were given by Pastor Kasuyi Mujanayi and Mrs. Susan Kone. It was a happy event and the church choir prepared the atmosphere before the lectures.

After the lunch we had the lecture on the Value of the blessing and at the end 4 church leaders with their wives received the blessing of marriage. In fact it was a big surprise to see when the couples were called to stand up to receive the blessing, they never hesitated and looked genuinely happy to have a new beginning.

After the event many church leaders who regretted that they could not receive the blessing because they had not come with their spouses, came to us to enquire about how the lectures and blessing can be held in their churches. There is hope in Kisumu and the programs need a follow-up for sustainability.

We offer the victory to Heavenly Parent and True Parents of Heaven Earth and humankind.
