

## WFPW Kenya organized a one day Mother's Heart Peace Network Women's Empowerment Seminar

Susan Kone  
November 11, 2023

On November 11, 2023, WFPW Kenya organized a One Day Women Empowerment Seminar under the Mother's Heart Peace network. The theme was: "Forgive, Love and Unite." The hosts were the Global Women Peace Ambassador Rev. Amb. Mercy Nyambisa who is one of the most active women leaders and also the co-founder of the Restoration of Oasis Worship Center in Kamulu, Kenya.

She had mobilized women leaders and women groups around her home area to attend the program. The goal was to reach out as well as introduce the vision and mission of WFP, and also introduce the Mother's Heart Peace Network initiative. The host and her spouse, Dr. Bishop Nyambisa played a very important role in hosting as well as coordinating the program.

Dr. Susan Kone the Chair of the chapter, gave an introductory lecture on

the WFP activities all over the globe and also explained the significance of the Mother's Heart Peace Network. This was followed by a lecture on Family values presented by the Education Department director, Mrs. Leocadie Mwololo.

The response was positive and many women asked to register as an associate member of WFP Kenya. There was a request for more seminars to expand the network and also activities to empower the members. A total of 115 women participated. The seminar culminated with a group photo and networking.
