

WFWP Ireland brings women of all backgrounds to build friendship bridges

Doris McCann
June 11, 2019

We are delighted with our recent event visiting the ladies from St. Brendan's Catholic Parish in Coolock on 11 June 2019. We had, as always, ladies from Christian, Muslim, Jewish as well as Quakers and other backgrounds present, all coming together to build bridges of friendship and understanding. WFWP Ireland co-sponsored this event of the Sisters of Faith for Peace.

The ladies from St. Brendan's treated us to some beautiful entertainment and plenty of refreshments, which also included some kosher contributions from the Jewish Community, and took us on a tour of the

beautiful Church, explaining about aspects of their faith, and sharing some personal impressions and experiences. The ladies discovered some interesting connections between the faiths which developed into different discussions.

With this event, we marked two UN Days:

The more recently introduced Int'l Day of living together in Peace (16 May) and the World Day for Cultural Diversity for Dialogue and Development (21 May)

There was a lively and friendly spirit all around as we enjoyed making new connections and seeing old friends again.

We really appreciate the ladies of St. Brendan's for their hospitality and thank all who came, contributed and helped make this evening special.
