

## Liberian blessed families get involved with Heavenly Tribal Messiah activities

Pamela Moore Mwanga  
January 7, 2017

Four Pastors from Liberia including Pastor John P. Teayah, Vice NL, Pastor Floribert Mwanga, Husband of the national leader, Pastor Philip Karfiteh and Pastor Jemamah Gbolumah attended a 40-day workshop in Ivory Coast hosted by the Regional President Dr. Dong Ho Cho from On December 10, 2016. They were certificated and came back with high spirit and have since been encouraging blessed families in Liberia to get involve with the Heavenly Tribal Messiah activities.

On January 7, 2017, we had one-day workshop in the Gaye Town community just outside of Monrovia with 40 Participants. They were very inspired and asked us to host another workshop so that they can bring their partners to also listen this good news.

During the workshop one of the participants, a female who is a graduate from Theological University said with all her studies that she had till now, she have never heard such a truth and promised to study more to get better understanding of the Divine Principle.
