If you are looking for a meaningful way to spend your summer break, consider coming to Honduras to help create a peace park. The goal of the project is to create a united community across the Americas. This is a movement to foster friendship, collaboration and solidarity with current and future generations of the Americas as we strive to develop a culture of peace.

This August 2017 project will continue to make improvements that were started in the El Way Park in January 2017.

Highlight reel from the Honduras PeaceIN Winter 2016 service-art trip.

During the project we will:

- Construct a gazebo that will serve as a community gathering point
- Lay garden paths to beautify community space
- Refurbish concrete benches and structures with ceramic mosaics
- Visit local cultural and tourist attractions

In addition, participants will have the opportunity to experience cultures different from their own and use creative problem-solving while working in teams with volunteers from North, Central, and South America.

Please submit your application as soon as possible and no later than July 1, 2017 as space is limited: [Apply](#).

Participants are responsible for a \$450 program fee in addition to their flight to San Pedro Sula, Honduras. Please arrive on August 7 and schedule your return for August 17.
