

Foundation Day Marriage Blessing in Kansas City, KS

Peeter Saarna
February 19, 2016

An intimate group of 12 Unificationists in Kansas City witnessed the Blessing of one couple at the Unification Family Life Center alongside the activities in Korea through the live broadcast. The whole community came together to make this happen; on the day before the Blessing, the local pastor and his family had to suddenly go to their hometown when his father ascended to the spirit world. In their place, another couple came down from Omaha, which is several hours away, and all the community members chipped in to make it a very successful event.

“I’m really happy for today because when I talked to God he answered me,” said the groom. “I asked him in 2015 and in 2016 He answered me. My girlfriend wanted to marry me, and today was a beautiful day. I want to say thank you to all the brothers and sisters here who took care of me so well. May God bless you for this Blessing you have given me.”
