On August 14, the Iowa Family Church held a Special Grace Ceremony.

“Our family feels very blessed to receive these new Holy Items. Some revelation came to me this morning as I was posting on Facebook. To purify us, Heavenly Parent wants us to follow true faith, our original nature not our beliefs or own point of view, not even our conscience which is driven by our point of view and critical thinking. This time of tribulation comes to purify and it is necessary to lead the providence forward into Cheon Il Guk,” reflected Daniel Eston, one of the participants.
