Let us make everyday a true love day.

Happy Black Love Day! And black is not a color, rather a consciousness about #TrueLoveCulture that sees humanity and the world as one family in God.

At AACC-African American Catholic Congregation is it - Imani Temple of the Capitol region was the place to be, to feel, know and experience the knowledge, truth and power of true Christ mindedness in action.

Love always for love conquers all things!!!

Ayano and I, feel so blessed to be connected to you, and continue in gratitude faith and pray we can all continue to bind together and deepen our desire and bonds for a better, mutually prosperous home-mother earth-a joy filled happy place everyday for all..

We pray thee to continue to celebrate one another as true friends this is the Gospel End.

Happy Love Special Day.
