

Benin held two 4-day Character Education Seminars for our Second Generation

Emmanuel Allognon
April 21, 2018

We held two 4-day Character education seminar for our second generations during the period from April 14 to 21, 2018. We had 46 participants aged 14 and over.

During these seminars, the emphasis has been on filial love and fraternal love in particular. The participants said that they were deeply moved and happy to have attended these seminars and received an edifying teaching on how to concretely practice the Divine Principle in their daily lives.

All the participants resolved to become filial sons and daughters through the practice of “living for others”. The National Leader then decided to christen this promotion by the name of: Clean(uncorrupted) Peace Ambassadors. A name that they will now display as ambassadors of goodness and true love they will testify to the world beginning with the Embassy of Peace.
