As the preparation of the Religious Leaders for the launching of the IAPD, we organized a 2-day seminar for Religious Leaders in Aplahoué on 25 and 26 September 2018.

The seminar brought together 80 religious leaders from different Christian congregations and Islam. The communications of his two days were given by the Reverend Special Envoy Sasaki TATSUO, the Reverend National Leader Emmanuel ALLOGNON and the National Manager for the Department of Heavenly Tribal Messiah Mr. DEGBEY Pascal.

We have received some good reflections by the participants at the end of the seminar and the Religious Leaders signed a resolution of Peace, expressed their satisfaction and wished that such seminars be repeated for a better appropriation of the developed themes.

There will be a blessing of marriage for the religious leaders and their wives which is scheduled for October 5th, 2018.
