On June 25, 2019, we held a Heavenly Tribal Messiah workshop and Blessing for Mr. and Mrs. Miklohoun Gustave in the area of Adja-Ouèrè specifically in the village of Attan. In this event, 35 couples received education and the blessing of marriage to rededicate their marriage in front of Heavenly Parent and True Parents.

It was because of hard work of Mr. and Mrs. Miklohoun and their constant commitment, their people in this village could be connected to our Heavenly Parent and True Parents

All the participants were happy to participate in a event which put them in a situation to have a new beginning in their married life. They all joyfully followed every step of the blessing ceremony.

Our hope is to continue and bring more education and blessing to all our people in every corner of Benin and fulfill our responsibility to bring victory for the Vision 2020 in Benin.
