True Mother's request to meet Europeans in Korea this Summer

Young Shik An

May 25, 2013

Please send information re numbers attending Cheongpyeong from your nation

Dear National and City Leaders,

True Mother has mentioned several times to Rev. An that she would appreciate having an opportunity to speak to European members of both 1st and 2nd generation who are in Choengpyeong this summer.

In order to be able to indicate to True Mother the time at which she would be able to meet the maximum number of European members we would like to ask you to report back regarding numbers of members from your nation who are planning to travel to attend workshops and other events in Cheongpyeong this summer and the period during which they will be in Korea.

Please get back to us soon even if you can only make an estimate of numbers and dates.

Many thanks. .

Yours sincerely,

Tim Miller and Peter Staudinger
