**Today's World is looking for testimonies**

Young Shik An  
December 13, 2013

---

Today's World is looking for testimonies of breakthroughs in family relations (involving a couple, children, parents, siblings or extended family). Struggles within families are a part of life. We would like to hear how you faced situations and what you went through to resolve them. Please share your stories and help others in similar circumstances.

God bless your efforts,

The Today's World Team
