

Strengthening Relationships Between Husband and Wife

Latvia, Makoto Ando, July 14, 2018

We had on July 14 our Heavenly Tribal Messiah event for "Strengthening Relationships between Husband and Wife". There was no new couples for blessing but previously blessed Margers family couple came (who is also "Grate Big family" NGO chairman) and Vija from "Big family support" NGO and we had good talk afterwards for cooperation.

Totally 7 adults and 7 children participated. There was potential for couples to come for blessing - will make another event soon.
