

WFP Australia: The UN International Day of Peace Virtual Conference 2020

Anne Bellavance
September 8, 2020

The United Nations observes International Peace Day annually on September 21st. In partnership with UPF, WFP brings a virtual conference on Saturday, September 19th from 2:00 pm - 4:00 pm (AEST) to support and foster peace building within our diverse multicultural community. Six presenters from across Australia share their expertise and best practice.

The 2020 UN Peace Day theme is: 'spreading compassion, kindness and hope in the face of C-19. Join to shape peace together.'

Although science and technology are highly developed, the peace we desire is still out of reach. Why? Because of a lack of knowledge or resources? Political or military power? No.

It is conflict, hatred and selfishness embedded in the hearts of human beings is still causing new conflicts around the globe. Conflict and division within the person is the starting point. Conflict starts in the hearts of human beings. Peace must start there as well.
