November 28, 2021

On Sunday 28 November 2021, Ms. Ana Caruana, a well known Maltese philanthropist and founder of Mission Gambia Malta, was guest speaker at the monthly event held by WFWP at our Centre in Valletta. The title of her talk was 'Giving from the Heart'.

Ms. Caruana, coming from a big family and being the youngest of 12 siblings, shared her amazing testimony, explaining how she felt called to work with one of the smallest and poorest countries in Africa.

She started her mission singlehandedly just about 7 years ago. As she became known for her passionate love and dedicated work for her mission country, people started to contribute generously towards her cause.

Twice a year, she accompanies containers full of clothes, medicine, educational material, food, you name it.. to make sure provisions are delivered to

the proper place and used by those intended for.

Ms Ana Caruana has built a Kindergarten school for 50 children, feeds and clothes them and their families and during her last visit Sept-Oct, she personally oversaw the redevelopment of boreholes for the provision of much needed clean water supply.

Ana was able to inspire and inject an energy-boost to all present for her talk. An amazing woman, full of emotion, zeal and enthusiasm and sincere love for what she does best, 'Giving from the Heart'

A true philanthropist.

WFWP Malta in collaboration with UPF, presented Ms. Ana Caruana with the 'Ambassador for Peace' Award in recognition for her prestigious voluntary, missionary work.
