

Group photo with pacu fish-caught from the ponds

Reported by Mr. Date

Translated by KA & JY

We celebrated the 5th Foundation Day on February 28<sup>th</sup> with all Leda members. Mrs. Takahashi and Naria arrived that day, and then 19 members from Generation Peace Academy (GPA) arrived by boat March 1<sup>st</sup> in the afternoon. On the 2<sup>nd</sup>, Mr. Sano gave them a lecture about Leda and the providence of South America and in the afternoon Mr. Nakata showed them around our facility. On the 3<sup>rd</sup>, they caught pacu fish in ponds in the morning and had a pioneer experience cutting palm trees in the afternoon. Many of them are of Japanese descent. They are enjoying Leda with a bright spirit.

Long boat trip

Mr. Nakata welcoming them

GPA staff cutting a welcome cake

Mr. Sano giving a lecture

Mr. Nakata giving a tour of the prawns nursery

GPA member showing her pacu fish catch with a big smile
