

In Sri Lanka, we have given Bible studies for a Catholic Convent

Photo date and location unknown

We are glad to report we have given Bible studies for a Catholic convent and are conducting well attended prayer meetings at our center. We want to begin to collect a film slide library of family activities overseas as well as slides of natural features of these countries. People here respond so eagerly to foreign cultures.

We have been helping at the Wasala Children's Home by clearing the yards, rebuilding walls, and providing toys.
