We had a fabulous Friday evening. January 19th, at City Lights Art Gallery in Henderson NV with WFWP members Judi Moreo and Raluca Heim.

Also enjoying the artwork with me were aspiring artist, Bianca, Raluca's 12 year old daughter, as well as Kendra and Charlotte.

They both attended our WFWP event at IPEC on March 17th 2017, where they experienced The Bridge of Peace and the inspiring speech presented by Aimme Kodachian, who is also a WFWP member.

We met many artists and their instructors, at the Student Art Show Reception, including Judi Moreo and her students and together we were able to make many new connections and tell them about WFWP.

There was so much amazing talent and a beautiful spirit to behold.

Towards the end there was conversation about having an Art Show at IPEC in the future.
