

CARP Outreach Seminar and Activities - Naoko Hiraki Seminar

Mieko Davies
September 16, 2016

Dates: 1st-4th October

Location: 43 Lancaster Gate

This upcoming event is based on the current UK CARP trip to LA by Mieko Davies, Beni Vitai and Yujin Mingala, where for the past month they have been learning and doing witnessing activities initiated by Mrs. Hiraki.

Over the last few months, other CARP members have also been busy travelling around the world, experiencing the front line of the providence first hand.

From the 1st to the 4th of October, Mrs. Hiraki is visiting the UK and we will be hosting a weekend program for 1st and 2nd generation, to learn about highly successful witnessing activities in other countries, particularly the LA chapter of CARP.

Mrs. Hiraki, inspired by True Mother's direction to save young people, has managed to increase the campus membership of CARP by 120 people in 2 years. With people from all corners of the international providence visiting LA to see what is going on there, we are very lucky to have her in London to share with us during this event.
