

FFWPU Barcelona, Spain's Dinner Discussion on the Divine Principle

Maryvonne Jamois

February 24, 2023

We organized our first meeting in the Community of Barcelona entitled: Dinner-discussion on the Divine Principle at 8 pm.

We had four guests and the support of 7 members.

After sharing a light dinner, during which we were sharing in a family atmosphere, we projected three short and very agile video DP conferences recorded by our SG. Sergio Asti.

(Living the Principle) Next, we had a round table about what they had thought, and the general response was well-valued for the simplicity and positiveness of both the content and the way it was presented.

They all want to continue.

We plan to do it once a month and bring more guests!
