Blessing Education Seminars for Young Blessed Children (16+)

Luzna, Slovakia - 19. – 21. September 2014

Glanow, Poland - 3. – 5. October 2014

Dear Blessed Families,

As the Blessed Family Departments of East Europe, together with the support of our National Leaders and the encouragement of President An we would like to invite especially parents together with their 2nd Generation Children and Jacob`s Children (16+) to an educational seminar about Blessing and Matching for second generation. It is important for both, parents and children, to understand as early as possible the deep meaning of Matching and Blessing. This includes the development of heart, TP`s mindset, our attitude and purity as lifestyle. This seminar helps us to become ourselves that person which everyone desires to receive from Heavenly Parents as the eternal spouse.
