

ACTIVITY REPORT OF HUNGARIAN FAMILY July and August 2015

Divine Principle education:

We had 7 participants first and second generations who attended the 15 day DP WS from 1st-15th of July. All the participants had deep experiences with Heavenly Parent and True Parents and understood more deeply the value of Divine Principle. According the WS statistics we can say that the 15 Day DP WS for Hungarian participants made a life change experience until today and helped them to dedicate more deeply their life to God and True Parents.

The teaching and education of the Divine Principle continued in Hungary on evening lectures in the Church Centers, on the streets and there were 2 weekend seminars as well.

The visit of our new Continental Director Rev. Jack Corley

The beginning of August Rev. Corley and Mr. Staudinger visited the Hungarian members. Rev. Corley introduced himself and shared many of his experiences from the mission fields where he served God/TP and the providence. It was really very warm and heartistic

experience for the brothers and sisters to meet the new continental director. We wish that Rev. Corley can succeed in his new mission and he can have time to visit us again in the near future.

“Changing of blood lineage on a daily base”

Our regional leader Mr. Rainer Fuchs led a 1 day seminar for the blessed families. He gave very practical guidance how to fulfill our responsibility as blessed couples and complete our restoration from the blood lineage point of view. He also reemphasized the importance and the footprints of the Holy Wine ceremony. Also he spoke about the historical view of the Woman in God’s providence to restore the blood lineage of God! The seminar took place on Saturday and next day Mr. Fuchs gave a very moving Sunday sermon in the Peace Embassy about the power and importance of practicing forgiveness!

PEACE ROAD 2015 – HUNGARY

29th of August we joined the Peace Road 2015 to commemorate the 3rd Seonghwa of True Father and same time to express our deep longing for the re-unification of the Korean Peninsula. The peace tour which took place in Budapest had three stops. We started from

the Cathedral of Catholic Church and we continued to the Hungarian Parliament and we finished on the Holy Ground. The police were escorting and helping us to cross the bigger streets during our walk tour. In front of the Hungarian Parliament we read the poem of True Father “The Crown of Glory” and from his autobiography the chapter titled: “Korea’s Unification Will Bring World Unification”. During our walks through the Capital we were distributing leaflets about the purpose of the Peace Road 2015. Our marching ended at our Holy Ground in the Margitsziget, which is a huge park in the middle of Budapest. There we were reading again from True Father’s autobiography: “The River Does Not Reject the Waters That Flow into It. After we sang the „Tongil” and signed the Banner of Peace Road 2015 as our declaration.

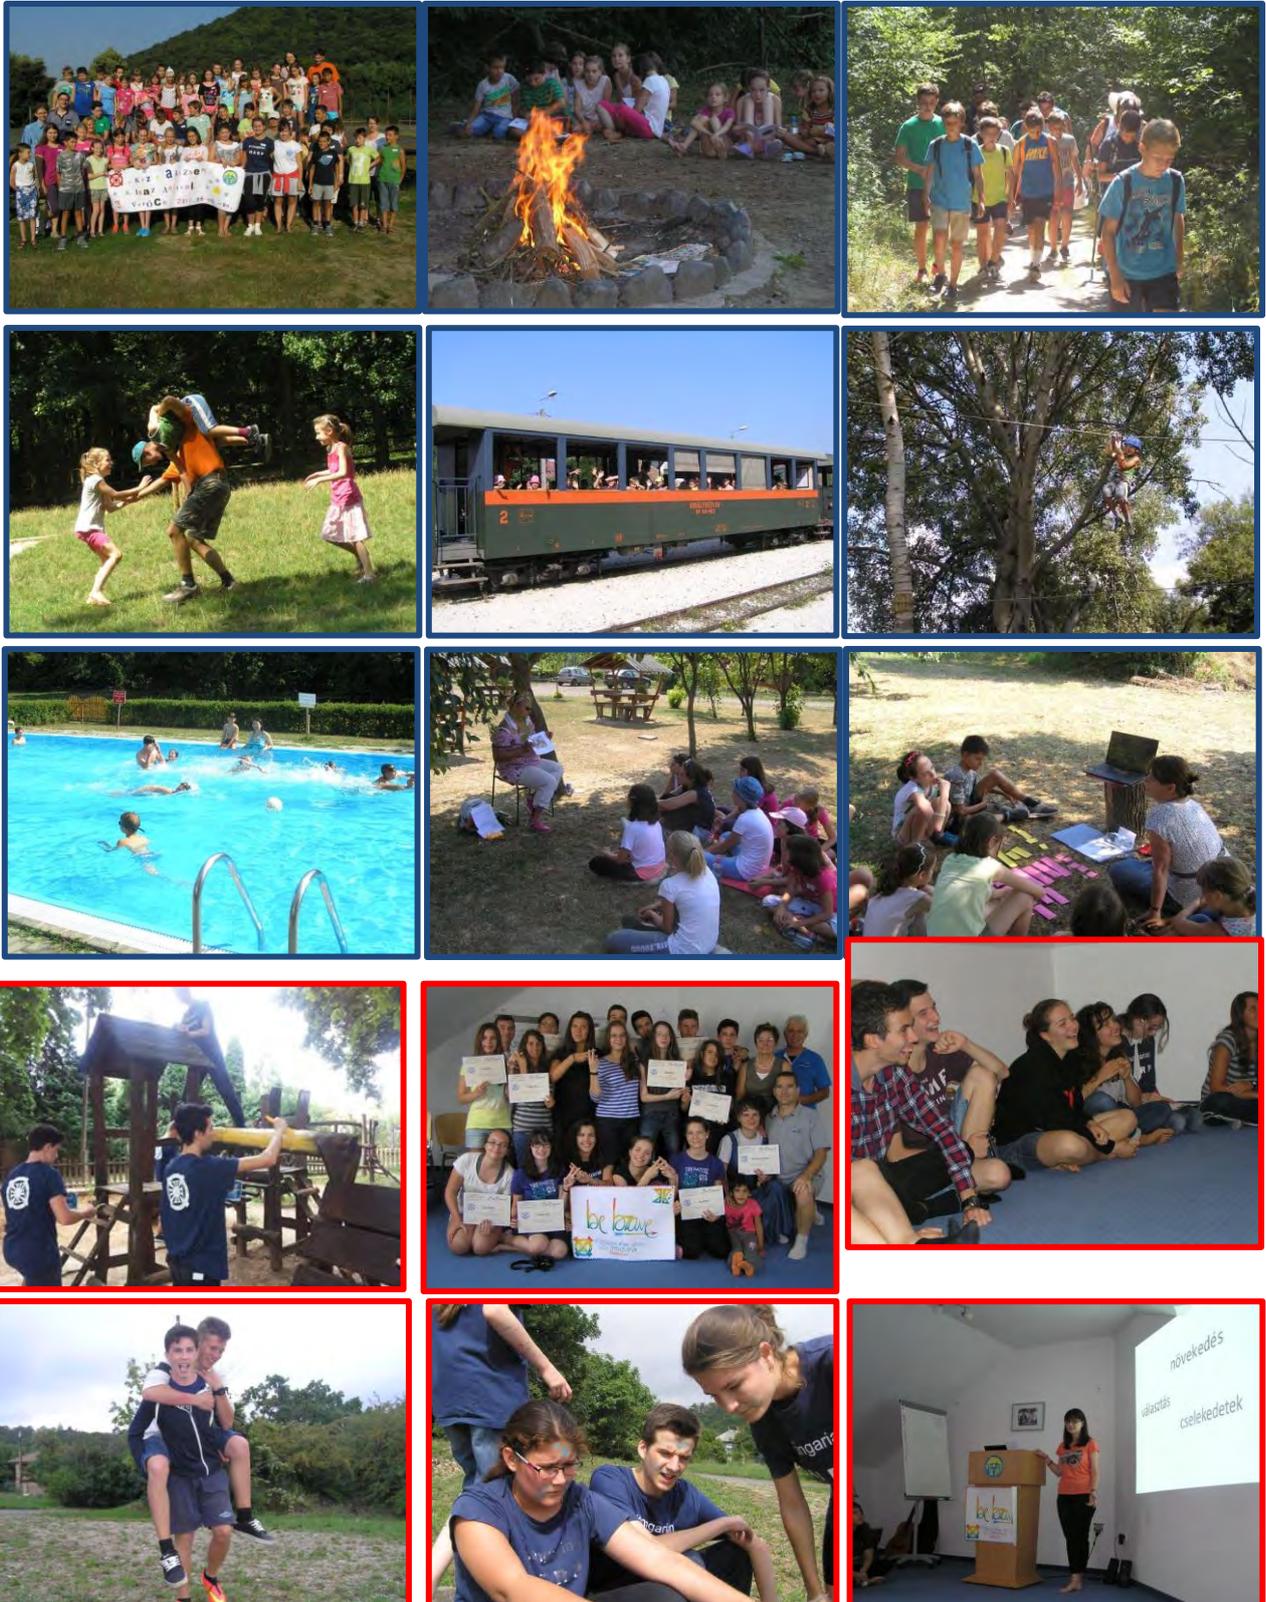

Education of the children:

We organized a Summer Camp in Veroce from 6th-9th of August for the age 6 -13 yrs children. The title of the Camp was: “Hand in hand with True Mother”. 51 children and 11 staff attended this Camp. We hope that this Camp was a good platform for God and True Parents to come down and educate the children. The curriculum was focusing to introduce the life of True Mother from childhood till today through little videos, games, team buildings, sports and many other activities.

There was another 5 day seminar for the age 14+ children from 17th – 21st of August in Pecs training center. The title of the seminar was: “Be Brave”. The curriculum was focusing more

on internal guidance and the legacy of True Father. Bigger second generation children also prepared little lectures for the HDH and inspirational talks on matching, blessing, faith, prayer and so on. The children also listened three elders' testimony about how they joined the church, got matching and later blessed. As part of the program there was lot of fun, team buildings, sharing, challenge day and service project as well. The service project was co-sponsored by the Pecs City government, the children needed to renovate, paint the tools in four play grounds.

UPF activity:

The last day of June there was a UPF half day Seminar in our Peace Embassy. Mr. Peter Meszaros the president of the UPF – HU shared his testimony about the Azelia festival what he attended at CPL. Afterwords Mr. Marek Skrodzki shared his experiences with True Mother from the Vienna event at 10th of May. And the AFPs also shared their thoughts and opinions on different issues.

Life in the Communities:

- ❖ Celebrating the 7.1 and 7.8 Joel Holy Days
- ❖ Group Services
- ❖ Serving the Elder people
- ❖ Taking care of new guests
- ❖ Learning Korean language
- ❖ Celebrating the Blessing Anniversaries 92' and 95'
