

## ACTIVITY REPORT OF HUNGARIAN FAMILY

Second half of February and March 2016

### Holy Marriage Blessing:

12<sup>th</sup> of March we held a Holy Blessing Ceremony for two couples in the Peace Embassy. In the past we would just dream to arrange our blessing ceremonies just like this. Parents, family members, friends and the community members attended this blessing event. After the official ceremony the couples, family members and the community members went to celebrate to the nearby Hotel Benczur. According the feedbacks the blessing ceremony and its atmosphere inspired and moved the couples and their family members as well. In the Hotel we stayed for talking, sharing and enjoying our new wed couples. The whole Hungarian community worked as one team and invested whole heartedly to make the event holy and glorious. Thank you for the foundation of True Parents!

### Divine Principle Education:

In the City Centers the Divine Principle lectures contuniues and during this period there were two weekend seminars as well. One was organized by Meszaros couple, the content included the six basic lectures from the DP. The other DP weekend seminar was organised by Mr. Laszlo Jager, for english speaking youth, on this WS 9 quests participated. Beside of the lectures there were many games, team buliding games and outing.

### Taking care of Children:

The HARP continues to organise once a month 1 Day WS for children. This time the children was listening the testimony of one blessed elder sister, who shared how she joined, how God was guided her to True Parents. After the testimony the children were divided into small groups and they were sharing about their experiences from lecture and daily life. Also Sunday to Sunday so much efforts are done to give God's words to the children according thier age groups. And also to involve them during the worship services.

### UPF activity:

We wanted to connect the HU-UPF foundation to the current development and international activities of UPF. The National Leader gave a report presentation about the „ILC-2016” and about the all connected events which took place in Korea during True Parent’s birthday festival. And part of the report he reminded the AFPs about the original ideal of True Father creating the UPF. Mr. Meszaros Peter the HU-UPF president spoke about how the industrial businesses make efforts to develop new technologies to reduce the global warming. Based on the feedbacks the AFPs were very happy to hear about the great events and to see the expansion of the UPFI in the last 10 years.

### WFWP activities:

In the name of WFWP there were two cultural afternoons. One of them was offering a little insight into the Korean culture. The event took place on the birthday of True Parents, so the event offered naturally an introduction of True Mother as co-founder of WFWP by Mrs. Parisa Nagy as a president of WFWP-HU. Mr. Kozma Gyorgy who studied in Korea and speaks korean gave introduction on Korean culture. The second generation children were singing korean songs. Gyorgy during his stay in Korean learned to cook korean food as well. When the official program was over the guests could taste many delicious korean food prepared by Gyorgy.

The other cultural event was offered at the occasion of Persian New Year. Because Mrs. Parisa Nagy is originally from Iran, so she wanted to give a chance to the guests to taste the spirit, culture and food of Iran. She gave a short presentation about the persian culture. Then she offered a persian dance and she taught the volunteers to dance as well. Mr. Ebrahim Emdadi who is also our brother from Iran was reading a persian poem. And after the event the guests could enjoy the delicious meals of Iran prepared by Parisa and Ebrahim.
