2nd of April and 14th of May the HU-HARP organised 1 Day WSs for 14+ and 15+ age children. The first workshop was introducing and explaining True Mother's initiatives to renew and make an enligment for the second generation members of our movement. The purpose of UPA, Wonmo Foundation, Crane Club, Top Gun WSs...ect. Based on True Father's words from PM No.14 and True Mother's words, our National Leader explained the history of restoration between the 1<sup>st</sup> and 2<sup>nd</sup> generations. Reminding us how was the relationship between God and Adam, Noah and Ham, Abram and Issac.

For the second workshop we invited one STF member Daria Kral and she introduced the program of STF and shared her experiences on the trainings what she went through. How her relationship was strengthened towards God and True Parents. Beside of the lectures there were team discussions, games, singing songs and Q&A.

## UPF activity:

The HU-UPF had quite a busy month. They organised a mini-conference again on the issue of Migrants. They invited an orientalist who is expert of Middle-East, she knows well the muslim culture and she gave many good insights on the current situation on migration. How to understand the dinamic of the different interests behind of the whole issue and to initiate Peace among the religions.

There was an exhibition for two weeks in the Peace Embassy which was initiated by one UPF-AFP. She and her Art-collauques opened the painting and photo exhibition. On the day of opening one under-secretary gave the opening remarks, afterwards our National Leader introduced the Founder of Peace Embassy and the basic principles of UPF. As part of the Opening musical performances were offered and

the participants got so uplifted that they started to sing a songs and dance in the very end.

An other AFP lady also organised a mini-concert in our Peace Embassy „Music for Peace”. Many people came and it was also a good possibility to introduce ourselves, our organisations and create freindships.

AFP who is the vice-president for HU-UPF has a good connection to the KDNP (Christian Democratic Party). We could meet the leader of their coalliton and introduce the SunHak Peace Prize to him and also our National Leader gave a short report about the ILC 2016.

### National Leaders Meeting:

7<sup>th</sup> of May we held a National Leaders meeting, where City leaders, Group Leaders, Providential NGO's Leaders and Department Leaders attended. Those who attended the EU-LM in Prague shared with others what inspired them and also honestly shared what they were missing. Since True Mother made a change from UC to FFWPU, so we also decided that we will make a fusion of the UC and FFWPU into one organization. In Prague there was a lecture expressing the need of clerification of our identity on the organization level. And based on True Father's autobiograhpy we discussed how to realize this original desire of True Parents. Also we agreed that we will make a financial re-structuring of the HU- Movement and this way we will be able to create a fund to officially employ at least the actual national leaders. Also we decided to set up a Media Department and in the coming monthes we will put into reality. The last and biggest issue we went through was the Blessing Providance. Because in Prague EU got a 430 couples blessing goal, so we decided that here in Hungray we will take responsibility for 40 couples. The

action plan is also on the way and soon we will announce it to our Blessed Families and brothers and sisters. When the meeting was over we got a rainbow over the street ☺.
