

ACTIVITY REPORT OF HUNGARIAN FAMILY

Visits of our Abel figures

Prs. Jack Corley our Continental Director made a short visit to Budapest on his way from Sarajevo to Bratislava at the second half of November. Through his lecture what he gave to Budapest Church members He explained the current EU providence and the development in Albania. He also connected us to True Mother's heart and her situation. Prs. Corley reminded us that True Mother kept all her words and promises what she did at True Father's Seonghwa Ceremony.

Mr. Rainer Fuchs visited Hungary in the first week of December as well. During his stay together with the National Leader visited all the Church Communities, including Debrecen City which is under the opening period at the moment. The Regional Leader's message was focusing on how is important to be mindful, because based on our thoughts, and emotions we are creating our life. The life is the result of our thoughts and way of thinking. Mr. Fuchs reminded us that True Father wanted to change the way of thinking of all people, it was one of the mission of Messiah as he writes in his autobiography. During his stay, Mr. Fuchs met many members and families and this way he wanted to express the love of Heavenly Parent and the care of True Parents.

Education of Divine Principle:

The brothers and sisters invited their guests or friends to Divine Principle lectures to the church center or to a rented public place. In some cases the direct DP lectures were given and in some cases certain part of the DP were picked up and explained more in details, like the Spirit World, Forgiveness, Man and Woman relationships, Jesus's life...ect.

Blessing Ceremony:

Even though we did not fulfill yet our national goal concerning the Blessing Providence what we set for us but we are very glad that in Gyor Community there were 2 previously married couples who went through the DP lectures, education about the 5 steps of Blessing and participated in Blessing Ceremony. Also we are happy to announce that in the year 2016, 7 new members signed the membership form in Gyor Community, listened DP and accepted True Parents as the LSC.

HU-HARP activities:

End of November the HU-HARP held one day Seminar in the Peace Embassy, Budapest. The children asked one elder brother to share his testimony about why and how he joined to True Parents. The children enjoyed very much the testimony which made them laugh and sometimes put tears into their eyes. It was very uplifting to see that our 2. generation children continue to involve their outside friends or classmates to this “Harp days”.

The last days of December was organized a 3 day Leadership Training for the older 2. gens. 12 children attended the course in our Training Center, Pecs. Two of children just came back from DONE program. Those two young sisters contributed a lot and utilized their experiences by sharing it to the other young 2. gens. The National Leader gave three lectures explaining why we need Abel figure and why we need to become Abel figure as well. And he lectured about the self-discipline and why we need to unite centering on True Parents. Few 2. gens also gave lectures based on the topics what they heard on ESGD trainings before. As part of the program the children were trained to give public speech and they had a chance to experience “problem resolving” games too.

Christmas activities:

- In Kaposvar City the members went to the Elder People Home and offered Christmas entertainments and presents.
- In Győr City members, AFPs and guests came together to prepare for Christmas by listening the lecture by National leader about the forgiveness. After that the participants were singing, reading

poems related to christmas and sharing meal together and talking with each other creating strong bond of relationship.

- In Pecs City, in the name of IRFF the members and 2. gens went to the Mother's Home and also offered christmas presents and entertainments. On the other occasions members, children and some friends prepared hand made presents and afterwards they distributed them visiting the homes of elder people, door to door.
