7.1 Jeol and 7.8 Jeol – Cheon Il Guk National Holy Days

Blessed Families and brothers and sisters celebrated the CIG Holy Days in the Church Centers or in their home. The Budapest Community celebrated in the Peace Embassy the National Leader and the Budapest Community leader couples led the event. The National Leader gave the Holy Day address titled: "Proper Attendance". In his speech he was reminding us who the True Parents are and what position they could win over 50 years since their Holy Marriage. And this victory needs to be recognized through our attendance, and not to hurt or cause pain to Heavenly Parent and True Parents. To attend God and True Parents well we need to study continually and observe their life.

5th Anniversary of True Father's Seonghwa:

16th of September in the Hotel Benczur, Budapest we held a Seonghwa Anniversary for True Father. Blessed Families, Ambassadors for Peace, guests and friends came together to honor the legacy of True Father. The event had a motto: "Peace starts with me". We wanted to connect Hungary to the current providence of True Mother through this event as well, that's why the main speech was the message of True Mother at MSG event which was read by National Leader. We prepared a video introducing the True Parents achievements until these days. The opening address was given by a protestant pastor. One of our 2nd generation young brother (16) offered beautifully the "Crown of Glory". Through Peace Road 2017 we got to know one lady, she is fun of Korean Culture, specifically dance so on the event she offered a Korean dance. We announced a drawing competition to children with topic "Peace". We asked one artist to select the 5 best artwork and during the event we recognized those 5 children with awards. The last part of the program was a performance offered by one of our AFP and her music band. They were playing Jewish melodies and songs. Afterwards everyone was invited for a small banquet.
