We started the meeting with a screening of the short film 'Peace Starts with Me', projected onto the big screen.

Ute Lemme gave a report about the experience of our group from Stuttgart, illustrated by many photos: our arrival at the hotel on 28 April and the tour around Vienna city center the next morning -St. Stephan's Cathedral, the Opera House, Wiener Hofburg (former principal imperial palace).

The photographs of the main event in the Vienna City Hall in the afternoon of 29 April were especially impressive, the event was attended by about 10,000 people who enjoyed the rich and varied cultural program as well as Mrs. Moon's address, WFWP Co-founder, on the topic: 'Peace Starts With Me'. And of course, we took a commemorative photograph of our women's group and guests in front of the City Hall.

The presentation ended with further photos of the following day, 30 April, after which Ute Lemme read some excerpts of Mrs. Moon's speech, translated into German.

After this, we had the opportunity to listen to some of the testimonies and impressions of the ladies who had attended. Four guests spoke with great enthusiasm and appreciation, and Gabriele Schickert rounded off the impressions with her report.

We are very grateful for this trip and the opportunity to deepen our friendships
