

DR Congo's Three Heavenly Tribal Messiah Blessing Seminars

Mike Samuel Makenda
February 12, 2017

On January 29, 2017, the special team of MTC has organized the strategic seminar in Esanga, a new providential municipality created in Kinshasa.

More than 120 people responded to the call and 30 new couples received the divine principle education and have been informed on the blessing as the ultimate solution to the problems of original sin. To honor True Parents during the celebration of their birthday, several small gifts were offered.

Also important to note, is that the 25th providential municipality of Esanga has a training center in which we are using it during last 7 months, to help the couples to stablish we the tradition of True Parents.

On February 2, 2017, we celebrated True Parents birthday with the members and the Ambassadors for Peace here in DR Congo.

Participants watched a short Peace tv video on the events in Korea, the message of the Secretary-General of the FFWPU and the testimonies of ambassadors, a cocktail was offered at the end.

On February 12, 2017, three days after the celebration of 4th anniversary Foundation Day, the members of the TCM Esanga team in DR Congo organised a Heavenly Tribal Messiah Blessing seminar on the occasion of the week of interfaith harmony observed by the united nations.

We had 150 participants which included 40 couples, and among them, 20 couples received the blessing of marriage.
