

Kinshasa, DR Congo Chung Pyung Ancestors' Liberation & Blessing Ceremony

Mike Samuel Makenda
October 26, 2017

We organized ancestors' liberation and blessing ceremony from October 24 to 26, 2017. This ceremony was attended by 1450 people and was presided over by the team of staff from Chung Pyung who traveled to our country with the remarkable presence of our regional president Rev. BAKARY Camara who came for the first time in DR Congo since he has been appointed by True Mother, the only begotten daughter of God.

This was the third time that we have held the liberation and blessing of ancestors in our country. This event was a very spiritual event compare to the two previous one which was held in 2008 and 2014. Many spirituals phenomena took place during the second and third day or can say without slightest exaggeration that the whole nation has benefited from the grace through the Chayang Session, the prayer of vow offerings and the liberation of ancestors and the blessing of the spiritual and physical world.

Chung Pyung staff blessed us with lectures and conferences on Chung Pyung's providence and its history; we felt the immense love of heavenly parent and the True parents of heaven, earth and humankind. Now as we have been abundantly blessed with this seminar, we can respond to the call of the only daughter of God for a new beginning for a new Africa with DR Congo at the center as the spiritual area of this Africa as it has been declared by Rev. BAKARY Camara.
