

## Christmas HARP Workshop

Lisbon, Portugal, 19. – 22. December 2013

**W**e held a HARP workshop together with some smaller kids from Sunday school.

Our motto was "Breathe the Love of God" taking the opportunity to make a reflection on the year 2013 and prepare for the upcoming Foundation Day and the Day of Heavenly Parent.

Present were 16 children divided into two groups one between 6 and 11 years and another between 12 and 16 years old.

We had conferences, games, rehearsals for the Christmas party, sharing after Sunday service, group prayer, spending time with family around the campfire eating marshmallows and opportunity to go around the city of Lisbon and see Christmas lights and a circus of light.

In the end we spent a good bit together to breathe God's love.

Merry Christmas to everybody from Portugal.
